We just wanted to thank you and your colleagues for a great field trip with our homeschool group last Wednesday. Our children loved the exhibits, especially Arkansas Underground. The laser show and Tesla Coil demonstration were awesome! We wish we could've stayed longer! Again, thanks for a great field trip!

Thanks so much for making our visit on Friday a pleasant experience. I was very surprised that out of the hundred or so children we brought, less than five had ever been to Mid America Museum before. They all had a wonderful time and the **Engineer It!** exhibition was lots of fun. We had a couple of donors that help make our trip successful.

We had a great time today. All went well. Thanks and we will see you again next year! –*Fuller Middle School*

Thanks for providing a wonderful learning experience for our group. One parent's comment was "Our entire school needs to go to Mid-America Science Museum." Also, my 7 year old grandson was in the group and he called me after the trip and he was so excited, he said "it was awesome".
